

The diagram illustrates a variable declaration structure. It features a rectangular box on the left containing the word 'INFO'. A horizontal line connects this box to a rounded rectangular box on the right containing the text 'val@var'. A thick black line runs along the bottom of the diagram, starting from the left edge, passing under the 'INFO' box, and ending at the right edge. A vertical line on the far left connects the top of this bottom line to the top of the 'INFO' box. A vertical line on the far right connects the top of this bottom line to the right side of the 'val@var' box.

INFO

val@var
